For those who like the Wheel of Fortune and how much a letter is used. Based on the 2405 there are 13985 letters. For each of the 26 letters the usage and how many times it occurs and the percentage of the total. As you can see e, a, r t and i are highest used letters form this list of words. With the change of words used so do the percent that a letter is used. The second group is placed in most to least used.
